

Seen,
Heard
and Told

By The Editor

V

Having had a good deal to say of the USO in this edition, I think justice demands that it be said that most, if not all, the men and women on the ground here are doing the best they can with what little they have. The hitch, which compels the local USO serving (7) 40-50 thousand soldiers, seems to be what they call in the upper brackets.

Last week our readers had to struggle along in darkness without any editorial advice. Strange to say, the people seem to be getting along all right.

Off again, on again, Flanagan. The traffic light has been moved back. It looks as if that traffic light is going to be a political issue.

Rev. C. G. Scrivens, P. E. of Holcomb, recently renewed.

Alas they swat.

If you have a book like Tobacco Road, or Dollar Cotton, lend it to Whyte, Jr. His literary tastes seem to run in that direction. He has read both of the above.

J. G. Thomas, politician and farmer of Beat Four, a recent visitor, renewed for another year.

Up until a m. Tuesday, June 15, 1943, Grenada had not experienced TWO fires at the SAME time.

Married men are going to have to start kissing their wives goodbye soon; even will have to begin kissing their wives and children goodbye on or about October 1.

Welcome this week is extended to Mrs. J. E. Huffman, of Holcomb, who is a new subscriber.

Favorite correspondent and Mrs. Wado are expecting to visit their father and husband, Col. John C. Wado, over the week end. This is a fine family.

If a supervisor candidate in Beat Three would promise to install a set of dominoes up there, I know three votes he would get.

William Wright, who visited his mother, Robert, in Memphis Sunday, brought back a subscription.

Quinn's whole right hand and left hand up to the elbow, Thomas H. Carroll, recently subscribed.

Conner's main promise is to give a safe, sane and economical administration. A man would be a fool to promise what he would do one week, much less four years hence, for conditions might then be so radically different. Conner would not even promise to make me a Notary Public, even if I fought such lofty honors.

Our mailing list is mighty plaid to have the John Emmons family back home.

Washing and ironing at home are two arts that will have to be resurrected from the ash heap. Two and three-weeks service is now the rule. Excessive business and shortage of help account for this.

A man will have to be a millionaire to have enough shirts to last from one laundry to the next.

It looks like we have shared time getting Mrs. G. I. Parks' paper to her, but we are going to try.

All of the other patients in Whyte Junior's ward were jealous Sunday when Whyte, Jr. had his sister and another pretty gal shave him.

Why Moss and family struggled on in darkness until this week when they began to receive the GOW.

Abernethy is on the job. He recently wrote John Pressgrove that he was going to see what he could do about having the government make some restitution to the county for the immense acreage taken off the tax roll for governmental use.

Speaking of politicians, Abernethy is the FIRST one who has EVER thanked me for anything I tried to do for him. All others accept what little I have tried to do as a matter of course, or a matter which gave myself honor and glory.

The reason that Major Walte is all smiles these days is that his wife from Jacksonville, is visiting him.

During recent weeks in Vicksburg there were 50 straight boys born. In our latest compilation in Grenada there was only one boy to eight girls. This led us to conclusion that the WAACs would have to win the next war, but Vicksburg is helping relieve the situation.

NUMBER FORTY-SEVEN

Mrs. T. H. Moore Celebrates 91st Birthday

On June 16, 1852 a little daughter came to brighten the home of Mr. and Mrs. John Creighton Stokes here in Grenada, she was their first baby, and today, on June 16th the family and friends of this wonderful person pay

homage to her and wish for her many more happy birthdays. Mrs. Moore is now 91 years old. She is as always sweet and gracious, interested in all events, and radiates happiness.

Out of a large family only Mrs. Moore, the oldest child and Dr. W. H. Stokes, of Mayfield, Ky. are still here. During the yellow fever of 1878 many members of this fine family died. The home built by Mr. and Mrs. John L. Stokes was known as the White House on the college campus of Grenada college. It has been moved to College Boulevard and is now an apartment house. Two of Mrs. Moore's daughters, Mrs. J. R. Perry, Sr., and Miss Eva Ray, and one son, Mr. H. J. Ray, President of Grenada Trust and Banking Company reside here.

Mrs. Moore greeted several of her granddaughters, Mesdames Carroll White, Henry Leigh and Miss Frances Leigh, of Memphis, who came for a visit on Tuesday and Wednesday, guests of their sister, Mrs. Sam Hall Garner and family.

Lee B. McCormick Receives Commission

Nova has been received in Grenada that Lee B. McCormick, son of Mrs. Nan McCormick, was commissioned as 2nd Lieutenant on June 2. Lee has been instructor for the past several months in the Army Air Corps.

Returns From The Pacific

After over 200 hours of combat duty in the Army Air Corps in the Pacific area, Captain C. C. Andrews returned

CAPTAIN C. C. ANDREWS

this week to the States and is visiting his mother, Mrs. H. L. Honeycutt in Grenada.

He has twice received the Distinguished Flying Cross.

Sinking trouble: I believe the WAVES look niftier than the WAACs.

New Commander At Grenada AAB

Lieutenant-Colonel John C. Bennett, Jr., formerly Liaison Officer to the Airborne command at Pope Field, Fort Bragg, North Carolina, has been assigned to the Grenada Army Air Base as the new Commanding Officer. He succeeds Lieutenant-Colonel Louis J. Wise, who will assume the position of Executive Officer for the base.

Colonel Bennett was appointed to his new position last week, after having served as Liaison Officer since September, 1942.

Born in Nashville, Tennessee, Col. Bennett attended the University of the South at Sewanee Tennessee. As a First Lieutenant in the Air Corps during World War I, he was officially credited with two enemy planes. The sixteen months overseas duty, of which four months were in combat service, laid the foundation for his future army service. He was cited for meritorious and conspicuous service by General Pershing, Commander of the AEF during the last great war.

In 1922 he aided in organizing the Tennessee National Guard Squadron and served as its Commanding Officer until 1930, when he resigned, moving to Louisville, Kentucky, where he lived until called back into service in June, 1941. During that time, he was local manager of the Curtis-Wright Flying Service in Nashville, and later in Louisville until 1932, when he assumed the presidency of the Louisville Flying Service, Inc. Called from his reserve status into active duty in June, 1941 as a Captain, Col. Bennett was promoted to the rank of Major in February, 1942, and the following July to his present rank.

The new Commanding Officer is a member of the Rotary Club, Delta Tau social fraternity, and the Big Spring Country Club. As a member of the Episcopal Church, Col. Bennett is a follower of the principle that a "life religion doesn't hurt anyone," and has a striking personality that brings out the best in his men.

Col. Bennett was assigned to the Third Air Force at Tampa, Florida in 1941, with the Headquarters Squadron. He was later moved to Drew Field, also located in Tampa, in command of the 13th Transport Squadron, after which he was transferred to Pope Field, Fort Bragg, North Carolina, in command of the 48th Group Carrier Group in September, 1942. He was appointed Liaison Officer to the Airborne Command before coming here.

He is married, and has two sons, John C. Bennett, III, 21, an ensign in the Naval Air Corps, who is stationed at Peru, Indiana, as a flight instructor, and Samuel H. Bennett, age 12. His wife, the former Miss Mary McCarty, and their younger son will join the Colonel here in the near future.

Frank Hays Adds "M. D." To His Name This Week

Frank Hays, son of Mrs. Edith Hays, of Grenada, received his diploma in medicine at the Medical Department of the University of Tennessee in Memphis Monday, June 14, 1943. Congratulations, Dr. Hays.

Mr. Robert Horton On Utility Commission

The City Council at its meeting Tuesday night appointed Mr. Robert Horton a member of the Canton Municipal Utilities Commission to succeed the late Dr. John B. Howell.

Mr. Horton has for a long time been engaged in the cotton business in Canton and at one time was a member of the Board of Aldermen of the city.

He can be depended upon to give his duties as a member of the Utilities Commission his best efforts. Other members of the commission are Col. Henry Campbell, chairman, and C. M. Cooke, Madison County Herald.

Kenneth Nail Enrolled At Maxwell Field

Norlan Kenneth Nail, son of Mr. and Mrs. Jas. L. Nail, of 618 Third Street, Grenada, is now enrolled as an aviation cadet in the Army Air Forces Pre-Flight School for Pilots at Maxwell Field, located on the outskirts of Montgomery, the capital of Alabama.

There the new class of cadets is receiving nine weeks of intensive military, physical and academic training preparatory to beginning their actual flight instruction at one of the many primary flying schools in the Army Air Forces Southeast Training Center.

Cadet Nail is a graduate of Grenada High School and attended Millsaps College, Jackson, Miss. '40 to '42. He entered the U. S. Army February 1, 1943, and was accepted as an aviation cadet in the Army Air Forces on May 31, 1943, at Maxwell Field, Ala.

TWO GRENADA FATHERS

ANDREW D. WHITAKER

These are Cpl. Andrew D. Whitaker and his little daughter, Shirley May. His wife and his parents, Mr. and Mrs. W. W. Whitaker, live in Grenada. Cpl. Whitaker is in foreign service with the Air Corps.

HENRY J. RAY, JR.

To your right is Henry Ray, III, in the center is Tech. Sgt. Henry Ray, Jr., and to your left is Penny Ray. Sgt. Ray and wife live in Pineville, Louisiana. Sgt. Ray is with the Finance Department of Camp Beauregard.

"Sunday At Three" Program At USO Enjoyed By Many

The second and third in the series of programs known as "Sunday At Three" were presented at the USO on June 6th and 13 to receptive audiences.

The second in a series of programs known as "Sunday at Three" was presented at the USO club on Sunday, June 6th to a receptive audience. Pvt. Joseph Kerker, concert violinist who studied under Nathan Milstein and has appeared with the Vienna Concert Orchestra and the New Orleans Symphony Orchestra, played a varied program of classical numbers. The program follows:

Waltz, Brahms.
Second Movement, Violin Concerto, Weiniawski.
Perpetual Motion, Novacek.
Hebrew Melody, Achron.
Nocturne, Chopin.
On the following Sunday, Mrs. Bright Sink, vocalist who has taught music in North Carolina, and Pfc. Bernard Katz, compiler-pianist, now stationed at the Grenada Army Air Base appeared in a joint recital.

Mrs. Sink, accompanied by Miss Kathryn Wilson of the Grenada High School, sang three groups of vocal selections, and Private Katz introduced three of his own compositions. The enthusiastic audience insisted on encores by both artists.

Members of the community are cordially invited to attend these programs every "Sunday at Three".

American Legion Elect Officers

At the meeting of American Legion Post No. 35, held at the hut Friday night last, the following officers were elected:

Elmer Whitaker, Commander; Dr. W. L. McGahey, Vice Commander; Ernest McNulty, Adjutant; Harry Grosfield, (re-elected), Service Officer; W. B. Martin (re-elected) Sergeant at Arms; Rev. G. E. Wiley (re-elected) Chaplain.

Mr. W. M. Saunders is the present Commander.

Wounded In Pacific

Mrs. Guy C. Branscome has been advised by the Commanding General that

PVT. CLAUD C. CHAMBLEY

her brother, Pvt. Claud C. Chambley, has been wounded in action in the Pacific area, and that he is being sent to a hospital in the States for convalescence. This soldier is the son of the late Mr. and Mrs. E. L. Chambley, of Carroll county and has one brother elsewhere in service.

Miss Marybel Brown Died Suddenly Monday

While in Memphis, where she had gone primarily to see her nephew, Dr. Frank Hays receive his diploma at University of Tennessee, Miss Marybel Brown died very suddenly after a collapse in one of the large department stores. Her death occurred Monday June 14, 1943.

She was the eldest daughter of the late beloved Dr. and Mrs. T. J. Brown, and was born in Grenada.

She was a graduate of GHS and of Grenada College. She took post graduate work at Syracuse University and at the University of Mississippi. She was a teacher by profession. She was a life long member of the Methodist Church of Grenada.

One of the sweetest memories that her sisters, nieces and nephews can carry on was her devotion to, and pride in little George Kent, Ann Kent and Dr. Frank Hays.

She taught in New Albany, Holcomb and Duck Hill, her most recent assignment. She made many friends everywhere she taught. One of her superintendents just told us that she was very thorough in her work.

Funeral services and burial at Odd Fellows cemetery were conducted by Rev. W. L. Robinson, pastor of the Methodist Church on Tuesday afternoon.

The following served as pallbearers: Dr. J. K. Ament, and Messrs. Hubert Calhoun, S. H. Garner, Bryan Revell, Andrew Carothers and Hurd Horton.

Surviving her are two sisters, Mesdames Spivey Kent and Edith H. Hays, to whom sympathy is extended.

Spencer Taylor Seeks Beat Four Supervisorsip

The GOW has been authorized to announce that Mr. D. Spencer Taylor is a candidate for the important office of supervisor of District Four.

While a native of Rosebloom—sort of a suburb of Beat 4—Mr. Taylor has lived in his district ten years, coming here with bare hands after having been "burned out" in Tallahatchie county. By hard work (right now he is working from 10 to 18 hours a day, at home and at the camp), industry and frugality he has accumulated a nice acreage in Beat Four.

He has twenty years experience in contracting and road building and, therefore, if elected, he is in a position to know a day's work when he sees it, and to demand a dollar's worth of work for every dollar spent. He intends to give every man and woman in his beat a fair deal and, so far as practical, divide the work.

Having made a modest success in his own affairs, he feels that, if elected, he is capable of giving Beat Four an honest, economical administration and to keep the roads up to a superior standard.

As he knows everyone there, and everyone there knows him, it is not necessary to say anything further.

Attend Last Rites Of Miss Marybel Brown

Relatives and friends to attend the funeral of Miss Marybel Brown on Tuesday, included her aunt, Mrs. P. M. Woodall and cousin, Mr. and Mrs. Edward Woodall, of Coffeeville, Mr. and Mrs. Grady West, Mr. and Mrs. Baxter Elliott, Mrs. Frank Collins, two children, Katron McMahon and Lorraine Jumper, of Holcomb, and with the Grenada group.

In The Army

Fred W. Turner, son of Mr. and Mrs.

FRED W. TURNER

W. T. Turner, of Grenada, is at Hillton Field, California.

Captain Waley is getting along with his shunt patch.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By MARCO L. LUNDQUIST, D. D.
Of The Moody Bible Institute of Chicago.
(Released by Western Newspaper Union.)

Lesson for June 20

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

JOHN DESCRIBES TRUE CHRISTIANS

LESSON TEXT—1 John 2:14; 3:13-15; 4:17-19.
GOLDEN TEXT—But if we walk in the light, as he is in the light, we have fellowship one with another, and the blood of Jesus Christ his Son cleanseth us from all sin.—1 John 1:7.

Religion and life go together. To hold the tenets of Christian truth in one's head and not to have them move the heart is to deny the very faith one professes. Yet this is the danger which faces the believer—a temptation before which many have fallen. The result is that much of "what passes for Christianity in these days is very thin stuff, very remote from the original" (Shoemaker).

John was not content with such a weak imitation, and in his writings he set up the true standard of a forgiven and transformed life, living itself out in love and sacrificial service. If we have forgotten what God meant us to be in Christ, or are members of a church which has strayed from the true and living way, this lesson affords an opportunity for penitence and works meet thereunto.

The true Christian life must have I. Sin Forgiven and Life Transformed (1 John 2:1-8).

Not only at the beginning of the Christian life is sin dealt with and put away, but day by day—yes, moment by moment—we have the cleansing power of the blood of our Divine Advocate.

This is of the utmost importance, for God can only use clean channels for the outflowing of His power and grace to the world. We know our own weakness and the defiling presence of the world. But unlike the unregenerate man, we do not submit and go down; we turn to Christ for forgiveness and cleansing.

The transformation of life which thus comes to the believer is shown in obedience to the commandments of God. In the early church there were those who said that if they only believed in Christ as Saviour it made no difference how they lived—and they have their followers in our day.

Be sure of this, the essential thing in Christian profession is not how you talk about Christ, but how you walk in obedience to His commandments.

Real Christianity will cause us to be

II. Hated by the World and Loved by the Brethren (1 John 3:13-18).

The world, that is, unregenerate mankind, hates a genuine Christian no matter how kind and loving he may be. Why? "Because the Christian believer gives the non-believer an uncomfortable sense of inferiority. The presence of high Christian ideals in marked contrast to his own selfish policies arouses his anger and resentment" (Douglas).

The presence of a clean, godly life in a community makes every sinner look that much blacker, and the world, the flesh, and the devil will do everything possible to break down and destroy such a testimony. We, as Christians, should not be surprised that the world hates us. In fact, we should be troubled if it does not hate us, for if our Christianity really means anything, it is distasteful to a God-hating world. Beware if sinners find nothing in your life which distresses them and convicts them of sin.

In the midst of enmity the Christian is not afraid, for he is

III. Indwelt by God and Unafraid in the World (1 John 4:15-17).

A sincere confession of Christ as Saviour brings a man into that close relationship to God which is expressed in the words, "God abideth in him, and he in God" (v. 15).

The full depth of meaning of these words is obviously beyond our limited understanding, but we accept the fact by faith and rejoice in it. We recognize that it means that we are brought by our faith in Christ, into the very center of God's love. Christ, the well-beloved Son, who stands in that blessed place, draws us into the circle and there we stand in Him.

God's love showed itself in the giving of His Son as the Redeemer of the world. It was and is unselfish and sacrificial devotion to the eternal welfare of those who merited only judgment. We do not love until we reflect that quality in our lives.

Such love casts out fear. Fellowship is impossible in an atmosphere of fear, but love rules it out. In Christ we realize that God first loved us, and then our hearts go out in warm devotion to him.

Not only does the Christian no longer fear the day of judgment, but he is unafraid in the present evil world. This is not because of his own strength or ability, but because through faith in Christ he is "in God," and "as he is, so are we in this world" (v. 17). No more perfect or blessed ground of assurance could possibly be provided. Let us recognize our position in Him, and be strong and unafraid.

Shopkeeper Took Next Best Thing Offered Him

Wishing to dispose of his dog, a man who was moving into the city went to the local pet shopkeeper. "Do you think you can sell this dog for \$300?" he asked of the man.

"But, sir, that type of dog is not worth that much," was the reply of the astonished agent.

But the other insisted, and left. Some weeks later he returned and, asking about his dog, was told that it had been sold.

"Do you really mean to tell me that you got the \$300 that I asked?" he inquired.

"Well, not exactly," said the shopkeeper. "You see, I exchanged it for two \$100 cats."

Real Charmer.
PANTIES to match—as if Miss Sweetie-Pie wouldn't take the cake in pinaflore and open crown bonnet alone!

Pattern No. 8371 is in sizes 1, 2, 3, 4, 5 and 6 years. Size 3 pinaflore and bonnet take 1 1/2 yards 36-inch material; panties, 1/4 yard. 3 yards ribbon.

Model Cupboard for Your Sewing Equipment Easily Built of Plywood

MANY women who have learned to sew for the Red Cross are also sewing for themselves. They are thinking of sewing as a craft and taking pride in their tools. Many who do not have space for a sewing room are planning efficient closets to house equipment. Here is a model sewing cupboard from my new book Better Dressmaking.

The cupboard is six and one-half feet high; four feet wide and twenty inches deep. The dress form compartment is two feet six inches high and twenty-four inches wide. The ironing board compartment is four feet ten inches high and eight inches wide. This leaves ample space for shelves for the pressing cushions shown at the top; the sleeve board; iron; water pan and sponge; stout slide-in boxes for findings; notions and patterns; and a lower shelf for fabrics. The construction is of plywood.

Elaine—I never thought anything filled with hay could be so hard.

In the Navy a floor is a "deck," doors are "bulkheads," downstairs is "below," and a cigarette is a "Camel." At least, Camel is the favorite cigarette among Navy men, as it is among men in the Army, Marines, and Coast Guard. (Based on actual sales records from service men's stores.) And a carton of Camels is a favorite gift. Though there are now Post Office restrictions on packages to overseas Army men, you can still send Camels to soldiers in the U. S., and to men in the Navy, Marines, and Coast Guard wherever they are.—Adv.

Long Trousers Adopted During French Revolution

Wartime services of many kinds undertaken by women account for the fact that there are more wearing trousers today than ever before.

It was during a period of great national stress that men adopted the fashion of wearing long trousers.

Before the days of the French Revolution well-dressed men favored knee breeches, while the poorer people wore blue linen pantaloons. When the French monarchy fell, anyone whose dress suggested that he might be an aristocrat went in danger of his life. Consequently, men of all classes began to wear long trousers.

Spotless Dry Cleaners
Phone 142

The USO can blame the FSA (which, really DOES furnish the buildings to the USO at a nominal rent) but the USO cannot evade its responsibility for failing to stir up the FSA.

I think it is a damn shame that the USO (or the FSA, if the FSA is to blame) has done so little for the soldiers.

Many individuals have been good to the soldiers, letting them have rooms that the owners did not have to rent; for letting out rooms for the night to the inconvenience of the owner of the property.

Grenada has (or perhaps it would be more accurate to say HAD) the opportunity of getting favorable publicity throughout the entire nation.

The prime responsibility for providing recreation for the soldiers, however, rests with the USO, and the USO has muffed the ball. The soldiers have been here close to a year. The Community House which is not large enough to entertain the normal odd duty men of ONE regiment is STILL the only place for them in spite of the fact that the number of soldiers has multiplied thirty times since it was opened.

Grenada gets lots of cussing from the soldiers because of the failure of the USO properly to function and properly to provide adequate quarters.

Cousin Will Hoffa has a few new teeth—store bought ones.

Anyway, the music box at the Community House has been repaired, and does not quit playing like a hen stops squawking when her head is cut off.

Life Saving Class Started
Tuesday At Swimming Pool

A Red Cross Life Saving class under the auspices of the American Red Cross and the USO-NCS was started last Tuesday morning 9:30 at the swimming pool.

The Red Cross Water Safety program includes teaching both the adults and children not only how to save others but how to protect their own lives. About thirty boys and girls signed up Tuesday, the first morning, and started classes. Most of them are trying to qualify for their Junior Red Cross Emblem; there are a few who'll qualify as Senior Life Savers when they complete the course.

Miss Gertrude Bouchard, Director USO-NCS is the Red Cross Water Safety instructor. She first received her instructor's emblem at the Aquatic School in New York City under Capt. John Scully in 1932. Since then she has renewed her certificate every year either at Aquatic School or under visiting field representatives of the Red Cross Water Safety program.

HOFFA GIVEN HONORARY
LIFE MEMBERSHIP

May 14, 1943

Mr. W. B. Hoffa,
Grenada, Miss.

Friend Hoffa:

At a meeting of the Directors of the Grenada County Chamber of Commerce, held last night, you were unanimously elected an honorary member for life.

If you might have heard what was said about your long work in boosting Grenada, and the many things that you have done for this county, in building a better community, you would know that this was not an empty honor conferred. All of us felt that you had more than earned it, by your constructive efforts.

As President of the Chamber of Commerce it is my happy duty to advise you of this action; also as a friend, I am delighted to congratulate you.

There can be no need to ask that you continue this work, for you could not quit if you wanted to; you will die some day, just after you have been boosting Grenada. We hope that day will be a long time off, and in the meantime you will spend many pleasant hours working for Grenada and recalling the things you have done for her.

With our best good wishes,
Very sincerely yours,
Grenada County Chamber of Commerce,
By J. H. Perry, President.

Grenada, Miss., May 28, 1943

Mr. J. H. Perry, President
Grenada County Chamber of Commerce,
Grenada, Miss.

My Dear Friend:

I would do injustice to my feelings if I failed to express to you my gratitude for your wonderfully beautiful letter to me expressing the appreciation of your Board of Directors for the service I have rendered our town throughout the years, and extending me honorary life membership in the Chamber of Commerce.

You and your associates have paid me a wonderful and much appreciated tribute, and while I may not be worthy of all the good things said by you, your expressions have been a great blessing to me.

If the people of Grenada as a whole would get together and work to develop Grenada, as the leaders and people of the First Baptist Church have done to build their beautiful spiritual and material organization, nothing would be beyond our accomplishments, and we could make of Grenada just what she should be.

May your splendid organization, the Grenada County Chamber of Commerce, take this example and work toward the end that Grenada take hold her rightful place in the Galaxy of Mississippi's BEST TOWNS.

To that end I gladly accept the honorary life membership in the organization and shall expect to continue to serve as I have done in the past.

Again thanking you and through you the Board, I remain,
Yours sincerely,
W. W. Hoffa.

Never a Dull Moment For
Millions of "Double Duty"

The days are jam-packed like never before because we're on "DOUBLE DUTY" now!

Perhaps "DOUBLE DUTY" means working full time in a war plant. Or part time on the production line, as a Nurses' Aide, Red Cross Worker, or doing other volunteer service.

Yet—rain or shine—the big job of homemaking must go right on!

That's brought PROBLEMS to all of us—how to care for our homes the way we should—how to eat the way we should—how to find time to plan and prepare the nourishing, healthful meals that will give us the added energy we need now, more than ever.

So we must gain time by making the minutes do DOUBLE DUTY, too. With good organization it CAN be done!

For a lot of timely hints and helpful advice on how women on "DOUBLE DUTY" can organize for victory, attend the next big meeting of the Health-For-Victory Club entitled:

"WOMEN ON DOUBLE DUTY"
Wednesday, June 16, 8:00 p. m. in basement of Methodist Church, Grenada, Miss.

Wells Radio Shop Moved to
Second and Main

Wells Radio Shop, C. H. Wells, proprietor, has moved from its old quarters in the Weeks block on North Main to the small brick building on the Crown Service Station property, said property having been evacuated by the Curley-Boone Candy Company whose increasing business forced it to move to the old potato curing building on North Main Street.

Pfc William R. Gammon

Charged with the vital task of keeping huge B-24 Liberators in the high state of mechanical perfection required for modern aerial combat, Pfc William R. Gammon, son of Mr. and Mrs. H. N. Gammon, 616 2nd St., Grenada, Miss., was graduated recently as an expert mechanic from Keesler Field Army Air Forces Technical Training Command.

The B-24 Liberators, to which these men ultimately will be assigned, are the largest bombers actively used by the Army Air Forces today.

Post Office To Remain Open
Thursday Afternoons

Contrary to a former announcement the Grenada Post Office will remain open for service hereafter on each Thursday afternoon.

After a fair trial and due consideration of Thursday afternoon closing for half-holiday, it is deemed necessary that all regular service be maintained at this post office in the future, for the benefit of all patrons and more especially in this service required under existing conditions which prevail in Grenada.

Respectfully,
R. D. SHARP, Postmaster.

JOHN H. KRAFT NEW PRESIDENT
OF CHEESE FIRM

John H. Kraft, executive vice president and chairman of the executive committee of the Kraft Cheese Company, yesterday was elected president, succeeding his brother, J. L. Kraft, founder of the company, who became chairman of the board.

The new president is a director and member of the executive committee of the National Dairy Products Corporation, of which Kraft has been a member company since 1930. He is also president of the National Cheese Institute.

J. L. Kraft will devote much of his attention to long range dairy industry development leading on the national and international relationships of the company.—Chicago Tribune.

Selma got tired of mailing her copy of the GOW to her husband each week, so she subscribed to him.

SMALLER CHEWS

Chewers of twist tobacco will get a little less for their nickels or dimes under a new OPA order which permits makers of chewing tobacco to sell 12 instead of 11 twists to the point.

At the same time soft drink and beer manufacturers are looking for new sources of crown metal to make bottle caps. As hot weather increased the demand for cooling drinks, it was announced that 15 percent of the crown caps are being used for beverages to the boys in service.

Submarines have made some 1188 hazardous. A favorable straw in the wind is seen in action of the War Shipping Administration which has just reduced war risk insurance rates for fishing vessels.

Another record-breaking month ship launching was announced for May. Southern boat builders completed 41 vessels. Nearly as many ships have been launched in the first five months of this year as all down the ways during the whole of 1942.

ANY SHOES TODAY?

Stamp No. 17—the "shoe" stamp—became valueless on Tuesday—But stamp No. 18 will be good starting next Wednesday.

OPA has halted 1,437 cases of price and ration violations into court, so far, and 96 percent of the defendants have supported the OPA charges.

CHEAPER BUTTER

A reduction of at least five cents a pound in the retail price of butter is expected this week.

Canned milk is now on the rationed list with a value of one point per pound.

Buyers of second-hand oil and kerosene stoves are eligible for rationed fuel oil.

FEED CHANGES

Sales of wheat for feed have been discontinued by the Commodity Credit Corporation—OPA has slashed a price ceiling on ground corn, cracked corn, hominy feed, and similar products used in feed.

WPB has issued a new order under which dealers must sell supplies to a farmer who needs them. The farmer must sign statement saying the supplies will be used on a farm. Red tape can't be allowed to halt food production, these days.

In spite of Tunisia and the recent victories at Attu and Pantelleria, there is no sign that we'll win the war quickly or cheaply. American losses in men have been light; the whole Tunisian campaign cost 16,000—about half the men killed at Chickamauga in 1863.

When the invasions are launched at Europe itself, the Government expects heavy casualties. It doesn't want us folks at home to cherish false hopes.

CASUALTIES PREVENTED
OWI predicts that casualties in this war will be "far lighter" than those suffered by both sides during the War Between the States. It warns they will be greater in 1943, however, than in 1942.

On the home front, expectations are that food shortages will increase, though no one will go hungry; labor will become scarcer even though more women will go to work; no slow-down of the draft seems in sight.

NEW ENEMY
With Americans on the initiative, a new "invasion army" is taking the South by direct assault... Mexican bean beetles have landed in force and are threatening to destroy snap and lima beans. This is an invasion that home folks will have to repel.

Lower meat prices, effective next Monday, have been announced by OPA as from 3-7 cents less than those now in effect.

WRITE TO ICELAND
American soldiers in Iceland are not getting much mail, though the mail boats and planes are running there regularly. Know anyone up there?

Ordering coffee by mail is simplified by a new OPA ruling that you don't need to send the whole book—just the detached coffee stamp.

OPA is reducing the price of ice boxes.

BOTELER-MARDERS

In an impressive ceremony, a wedding of outstanding interest in social circles was solemnized at the First Presbyterian Church Tuesday evening, June 15, at eight o'clock when Miss Gene Lovejoy Marders, daughter of Mrs. Eugene Lovejoy Marders and the late Mr. Marders was married to Mr. Edgar Lee Boteler, Jr., son of Mr. and Mrs. E. L. Boteler, of Grenada. Rev. C. A. Pharr, officiating, presided over the ceremony in the presence of a large assembly of relatives and friends.

Against a background of white, which held graceful sprays of Southern Smilax, tall wicker baskets holding white gladioli and ferns were arranged—tall tapered glassed in floor candelabra, flanking both the choir loft and the rostrum, casting a soft glow around the semi-circle the bridal party formed.

The bride was graduated from Grenada High School where she was outstanding as a student and pianist, and is a graduate in the 1943 class at Belhaven College, Jackson. She served during her senior year, as president of the Belhaven Student Government, received the Crisler award in music and is listed in the 1942-43 edition of "Who's Who Among Students in American Colleges and Universities."

The groom, a graduate of G. H. S. was outstanding in all school activities, being president of his class, senior year. He was a Tech. Sgt. in the National Guard in 1940, and received a disability discharge because of imperfect vision. He is now a valued employee in Civil Service as a member of the post office staff.

While guests were awaiting a program of nuptial selections were presented by Mrs. T. A. Middleton, of Jackson, Miss., under whom the bride studied and received her B. of M. at Belhaven college this spring. Mrs. Middleton played "Love Duet" from "Romeo and Juliet" by Tchaikovsky, "Clair de Lune" by Debussy, "Liebestraum" by Liszt, Schaefer's "Serenade," "Because" was sung by Miss Sue Vandiver of Grenada, and Miss Louise Fugate, of Hazlehurst, Miss., sang, "All For You."

The entrance of the bridal party was made to the bride's room from "Chengrin" by Wagner. Mendelssohn's Wedding March was played for the recessional. Tchaikovsky's Andante cantabile was played during the ceremony.

The lovely young bride was gownned in a bridal model design of white slipper satin. The tight fitted bodice had a yoke of rosepoint lace embroidered with seed pearls with tiny self-covered buttons extending down the back. The long sleeves ended in graceful calla lily points over the hands.

Her very full skirt was shirred to the long, torso line bodice, which had shirring around the waist and fell into a graceful long train cloud of bridal illusion fell from a corner of orange blossoms into a double tier finger tip length veil with a face veil edged in lace. She carried a white orchid on an ivory prayer book, with stephanotis tied in the long satin streamers. She was given in marriage by Mr. T. A. Middleton, of Jackson, Miss., in the absence of her brother, Robert Parrish Taylor, of Pasco, Washington, who was unable to be here for the wedding.

Miss Helen Horton, of Grenada, a life long friend of the bride and her college room-mate, was her maid of honor. Her quaint old fashioned gown was of pale pink lace and marquisette. The tight-fitting bodice of lace, was gracefully shirred from a transparent yoke of marquisette edged with a ruffle of the same material. The ruffle motif was repeated at the edge of the long torso waist and the bouffant skirt of marquisette which ended in a graceful demi-train.

Mrs. Robert Parrish Taylor, the former Addie New, of Memphis, sister-in-law of the bride was matron of honor. Her gown was of light blue lace and marquisette, fashioned identically to the maid of honor's dress.

Miss Anita Boteler, of Laurel, Miss., bride's maid, wore a model identical to those of the other attendants of pale green lace and marquisette. All of the bride's attendants carried old fashioned nosegays of vari-colored gladioli edged with deep ruffles and long satin streamers falling to their skirts hemlines. They wore flowers the color of their gowns in their hair with airy veils falling to their shoulders.

The groom was attended by his father as best man, and groomsmen included Bobby Sharp, Kenneth Youngblood, Joe Neely, Jr., all of Grenada, and Sgt. Herbert Wells, of Camp McCain.

Mrs. Marders wore a smartly fashioned formal of aqua chiffon. The entire bodice was shirred from a becoming sweetheart neckline and the slim skirt fell in graceful folds. Her headpiece was made of palest pink roses and she wore a corsage of pink roses.

Mrs. Boteler wore a gracefully draped model of pink silk jersey with long white gloves lined with pink jersey. Her corsage was of gladioli.

Following the wedding a group of friends attended a reception in the garden of the home. Her wedding cake and delicious punch were served. Mrs. Bingham, of Memphis presided at the punch bowl and Mrs. H. L. Honeycutt served the cake after the bridal couple cut it.

For traveling the bride wore a navy

silk dress trimmed in white pique with a matching navy hat edged with white. Her other accessories were of red and white. A lovely white orchid corsage completed her charming attire.

Out of town guests were Mrs. H. W. Priddy, Mr. and Mrs. Earl Porter, Mrs. O. T. Bingham, of Memphis, Mrs. H. M. Moore, of Oakland, Miss Charlotte Bardwell and Virginia Gooch, of Yazoo City, Dorothy Childs from Shelby, Louise Fugate, of Hazlehurst, Mrs. James Walker, of Hollandale, Mr. and Mrs. R. H. Boteler, of Laurel, Mrs. Kate Milam, of Memphis, Mrs. Roy Boteler, of Jackson, Mrs. Wyninger Emerson, of Jackson, Mrs. Kennington, of Jackson, Misses Ella May Mitchell and Ruth Nabors, of Louisville, Tish Rayner, of Yazoo City, Mary Bowie, of Durant and Charlie Minter, of Inverness, guests of Helen Horton to attend the wedding included Dorothy Childs, of Shelby, Charlie Bodwell, Yazoo City, Virginia Gooch of Yazoo City and Mary Walker, of Clarksville.

TWO YEARS OLD

MISS SUE SHELTON GERARD

This young lady, who recently celebrated her second birthday, is the daughter of Mr. and Mrs. Joe Gerard, of Little Rock, and granddaughter of Mr. and Mrs. E. E. Pyron, of Grenada.

daughter of Mr. and Mrs. Joe Gerard, of Little Rock, and granddaughter of Mr. and Mrs. E. E. Pyron, of Grenada.

BRIDE-ELECT HONORED

Miss Gene Lovejoy Marders, the charming bride-elect of Mr. E. L. Boteler, Jr., was feted on two occasions last week when Miss Sue Vandiver entertained on Wednesday evening with an eight o'clock dinner party, and again on Friday evening when Miss Helen Horton entertained with a crystal shower in her honor at her home on Oak Street.

Miss Vandiver received her guests a little before eight o'clock and as they arrived each one was presented a gardenia corsage. The home was delightfully decorated for this event with lovely arrangements of mixed summer flowers. A three course dinner was served.

Seated were the following guests: The honoree, Miss Marders with her fiancé, Mr. E. L. Boteler; Miss Helen Horton with Francis Hill; Miss Susan Proby with Frank York; Mrs. Parrish Taylor with Bobby Sharp and the hostesses with William Winter.

Miss Marders was presented a lovely handwoven tray in Rosepoint pattern crystal.

MRS. THOMPSON ATTENDS CAMP

Mrs. Clyde Thompson left Tuesday for Ridgcrest, N. C. to attend the Baptist Y. W. A. summer camp to be held between June 15th and 20th. Mrs. Thompson, for years active in the Young Women's Auxiliary, is being sent as a delegate by the W. M. U. of Grenada's First Baptist Church.

Rev. and Mrs. C. S. Liles accompanied Mrs. C. C. Cathey to Memphis last Thursday to attend the funeral of Mrs. Charles Ramson, whose death occurred at her home in Hughes, Ark., on Wednesday.

Mr. and Mrs. H. L. Honeycutt returned home Sunday from Blytheville, Ark., after attending the marriage of their daughter, Miss Mary Douglas Honeycutt to Mr. Robert Harry Norris, Jr., Aviation Cadet, U. S. Army, on Saturday, June 12. Details of this wedding will appear next week.

Mrs. Biram Wylie, of Blytheville, Ark., accompanied by Ellet Lawrence, II, visited Mrs. O. F. Lawrence this week.

It and Mrs. James Moore have returned from Atlanta, where they visited their parents. Judge and Mrs. Moore for a week.

Hilda Minton, Yeoman 3rd Class, a native of Laurel, Miss., will be in Grenada one day next week to contact young women interested in volunteering their services in the Waves and Spars.

WITJAS-BERK

The Headquarters Chapel at Camp McCain was the scene of the wedding Tuesday evening, June 15, 1943, of Miss Eaythe Berk, daughter of Mr. and Mrs. Mark Berk, of New York City, and Pvt. Robert Bernard Witjas, son of Mr. and Mrs. Maurice Witjas, also of New York City.

The bride, given in marriage by her mother, wore a blue ensemble with a shoulder veil and blue flowers in her hair. Her corsage was of pink carnations.

Pvt. Arthur Micks, who has served in the Army with the groom at Camp Pickett, Va., and at Camp McCain, Miss., was best man. Pvt. Nelson Crowe, chaplain's assistant, played appropriate music on the organ.

The ceremony was performed by Rabbi Jacob Kaplan, of Greenwood, Miss.

Arrangements for the wedding were made by Mr. John J. Karpeles, director USO-JWB.

MISS HORTON HOSTESS

On Friday evening Miss Helen Horton received guests in honor of her friend, Miss Gene Marders. The home was charmingly decorated with roses and mixed summer flowers.

Receiving with the hostess were the honoree, Miss Marders, Mrs. E. L. Marders, Mrs. E. L. Boteler and Mrs. Parrish Taylor. Miss Sue Vandiver greeted the guests as they arrived and Mrs. Clyde Thompson served punch in the dining room. Mrs. Lamar Chamberlain and Miss Hazel Inman served the lovely plates containing delectable sandwiches made of pink and white bread, and cake and mints of the same color. The dining table draped with lace was a lovely picture with its adorable doll bride center piece. Radiating from the doll's hands were pink and white satin streamers to which were attached little colonial bouquets or mixed flowers held in paper dollies.

Many lovely gifts of Rosepoint crystal were "showered" on the bride and as she opened each one for display much admiration was expressed. The hostess presented her wedding present, a handwoven tray in Rosepoint pattern crystal, and the hostess' mother, Mrs. L. P. Horton and sister, Mrs. Lamar Chamberlain gave her pieces of her chosen China.

The following guests were present: Anne Anderson, Martha Bess Brown, Marguerite Stockard, Nancy Nelson Granberry, Edith Penn, Susan Proby, Sue Vandiver, Ethel Nichols, Ruth Sweetland, Dorothy Talbot, Marjory Chapman, Jackie Lane, Carolyn Whitaker, Laura May Caldwell, Dorothy McCracken, Thelma Thompson, Virginia Griffin, Mary Ann Scott and Mesdames Eloise Taylor Camp, Linden Wright, Dick Jones Yates, Jack McRee, Kirk McKee, Louise Sanders, Patterson, Nina May Murphy, Sue Rowell Provine, Julian Lockett, H. L. Lane, Jr., and Sally Nichols.

MISS HELEN HORTON PRESENTED IN RECITAL

Miss Helen Horton, daughter of Mr. and Mrs. L. P. Horton graciously repeated the songs featured in her Senior Recital at Belhaven College recently when she appeared before local friends on Thursday night in the classroom auditorium of the First Presbyterian Church. The MacDowell Musicale made all arrangements for this delightful event. Miss Gene Marders and Miss Sue Vandiver, both attired in graceful evening dresses greeted the friends of the talented Miss Horton. Presented them with a program and ushered them to the door of the auditorium.

At the close of the program they served refreshing punch.

The young soprano exhibited rare ability, charm and poise and each song caused her audience to marvel at her ability of interpretation.

Piano accompaniment was skillfully furnished by Miss Bender of Jackson.

Mrs. Stewart Gambel, Jr., of Jackson, visited her friends, Mr. and Mrs. David Dubard here one day last week-end.

Miss Marjory Chapman, student at Belhaven College is at home for the summer holidays.

John Sidney Sharp, Jr., of the Air Corps, is visiting his parents, Dr. and Mrs. J. S. Sharp.

Sgt. and Mrs. Winifred H. Gerd on, formerly Miss Vera Taylor, of Grenada, have returned to their home in Las Vegas, Nevada, after spending a fifteen day furlough in Grenada visiting their parents, Mr. and Mrs. John W. Taylor and Mr. and Mrs. H. S. Jordan. On their return trip they were met in Dallas, Texas by Mr. Gerdon's brother, Lt. and Mrs. Noble E. Taylor, of Gainesville, Texas, for a visit.

THROUGH A WOMAN'S EYE

By Mrs. W. W. Whitaker

Modern young women are no longer bystanders of war, nor are the older women; they are all in it literally or to their ears. Thousands of fresh

troops have replaced our weary soldiers on the icy plateaus and in steamy jungles. These reinforcements made possible by alert-eyed girls in olive drab and navy twill. These girls, and many more who are now in training are replacing millions of army and navy men at desks and in recruiting and supply offices, as well as in big behind-the-line jobs as engineers, cooks, chemists and specialists of all kinds. Not all are in uniform, but all are earning their stripes—regardless of that recent flare up in Washington, D. C. when a wonderful Auxiliary Corps, which is made up of women, was accused of being guilty of immoral conduct. Anyway, there are many women who are resourceful of criticism at this time, and would like to remind people that it is well to remember the words, "Let him who is without sin cast the first stone." But back to our subject. All of the women serving the country do not wear jaunty uniforms. Some serve in the unbrave sweat-soaked way like welding, driving milk wagons or riding cranes in a ship yard, or in the less spectacular jobs of being both mother and father to tomorrow's children. All these things the women do gladly for she knows in the achings depths of her heart what kind of war this is. This war isn't for boundaries, for profit or loss, it's HER war. Her men are sacrificing their lives for everything she loves and believes in, for the way she wants life to be for herself and her loved ones. She knows that the American family is the whole kernel of democracy; the wholesome give and take, the security from fear, the free play of the individual, yet compassion for and dependence upon the others. Women remember that to create this great nation of ours we once fled from the old world. At this moment 5 million women are at work on the nation's production line, and within a year they will be joined by 12 million more, making a total of 15 million women hired and trained under war-time conditions to do a war time job. This number includes the W.A.A.C.s, WAVES and SPARS. How to get the manpower necessary for both fighting and production and how to distribute it most efficiently are something else that must be worked out in Washington in the years ahead.

There will be millions of more persons working in the war effort in '43 than in '42, and man-power Chairman Paul V. McNutt predicts that by the end of this year 30 percent of the Nation's war production workers will be women and that proportionately large number will be employed in essential civilian trades and services.

In Washington, as in other great cities, one sees women checkers in chain stores, women behind meat counters, in filling stations, and as taxi drivers. Women police patrol the streets near schools, safeguarding the children as they cross streets. We've heard much talk of drafting women yet Congress is not in the mood to draft labor. Should the war last long enough, Mr. McNutt thinks such an act is inevitable. Should both men and women be drafted there is the question of how to distribute available manpower so that the armed forces, the war production industries, the food producing farms and the business necessary to civilian life can all function efficiently. Women will then be placed in greater numbers in all kinds of production and management. The old fashioned idea that women are most effective in the home or in a welfare program, is out for the duration for we see women at the head of great manufacturing plants and as head of many institutions in many parts of our country. One woman who merits special attention is Elizabeth Gregory MacGill, the Chief Aeronautical Engineer in complete charge of the manufacture of Hurricane Fighter planes. These are the high-speed, maneuverable fighters which are the darlings of the Royal Air Force. She signs her correspondence E. G. MacGill, but she is "Miss Elsie" to the plant's 5,000 workers, of whom about 700 are women. In a little over two years, Miss Elsie, with an initial staff of 120, converted an idle factory, equipped primarily for the making of cars for a national railway, into a vast, modern, smooth running organization, turning out an ever increasing number of Hurricanes. This trail blazer over 100 pounds has been unable to walk without crutches or cane since 1924 when she was crippled by infantile paralysis while taking post-graduate work at University of Michigan. She took her exams in a hospital room and was the first woman to be graduated in Aerial Science in that state. Three years before she graduated in Electrical Science at University of Toronto. It was during the convalescent period she designed a flying boat. After leaving the home for convalescents, she studied air currents at Mass. Inst. of Technology, later she performed experiments in stress analysis, which has to do with the structure of wings and fuselages and the stress they will stand in flight. Her revolutionary methods, published in scientific journals brought about her membership in the Canadian Engineering Institute. Her greatest moment was when the Hawker Headquarters in Britain brought her a set of 3,500 blue prints and told her to start work on the "Hurricanes."

While we are on the subject of American women who are so much a part of the war effort, I want to tell you of Mrs. Nancy Harkness Love, of Wilmington, Del. the flying wife of a Lt. Col. in the Air Transport Command. She who had helped her husband operate a flying school, and has flown the length and breadth of the United States, has begun training her first recruits to form the nucleus for America's Woman's Army Flying Service.

As you know women already are filling many jobs in the Civil Service Commission. In nursing and medicine, which includes physicians and surgeons and public health consultants, and in social science for example, women trained in economics, statistics, accounting, public administration such as head of army medical centers, and those who are trained in physical and natural science as medicine, engineering or chemistry, or as dieticians or laboratory technicians. A great number of women will be used in the personnel involving administration of public assistance, child welfare, medical social work, community organization analysis and preparation of social legislation, research in a wide variety of social programs, and to make this accumulated information available in useful form. That, may I say here is a job of the greatest importance, for it is to prevent the collapse of the home front. A number of women attorneys will soon be part of the federal government. Many are already doing a great part of the paper work in the legal department of our government. Also women with the proper qualifications are being sought by the government to work in Editorial-Public Relations Department. Qualified women will be employed to write Radio Scripts, to do editing, and to do informational and public relation work both in the newspaper and radio field. Office workers to include stenographers, typists, clerks and office machine operators, accountants, bookkeepers, and auditors. Librarians who are needed at army and navy posts, and women librarians who have technical backgrounds in radio and science are especially needed to do a great job in war department libraries. Women are employed as inspectors of parachutes, rubber boots, the packing of ammunition and food and the thousand of odd jobs created by the war.

In war-time Washington, jostled thick with generals and job pollsters, clerks and hard working hands in the factories of the government, women are found doing many jobs previously held by men. It is said that in Washington, women outnumber men 12 to 1.

So much is written about what women can do and of the jobs open to them that the unusual often attracts us. We have here in America a group of women known as the W. O. W.'s, namely the Woman Ordnance Workers who, on their proving grounds fire big guns, drive tanks and handle explosives as skillfully as veterans.

These hearty females drive Jeeps, tanks, and trucks, and pedal bikes cars loaded with ammunition or skillfully maneuver gun tractors trailing the smoke of cannon. The men delight to call these women the gun molls of America, for it is they who back up over here our armed forces over seas, for into their hands is placed the responsibility of approval for many guns and much ammunition. These women have not replaced men workers, but are surely doing their share of dangerous work. We have our women official spokesmen and observers as Mrs. Roosevelt and Miss Chant Kalshek, and theirs is a job of utmost importance, for through their observing eyes, many details, missed by the masculine eye, are brought to light.

No longer does the American woman dream an American dream for through out the world American ideals of a more perfect society have seeped into each secluded valley across rugged mountain tops, and into the hearts and souls of suffering peoples. Now the whole world is our neighbor and to this end the American woman is dedicated today, whether she is nurturing young spirits in these ideals with spankings and lessons and birthday candles or helping to produce arms and ammunition in the factory producing corn and cattle on the farms or cradling some wounded soldier's head on the battle field, she is doing her job well.

Again may I say—American women are no longer bystanders of war. They are in it—up to their ears.

M. Whitaker.

NOTE: The above is written that the women of this area, between the ages of 20 and 35 may consider anew their country's need of their services, and enlist in one of the great women's corps or go into defense work now.

EXECUTRIX'S NOTICE TO CREDITORS

Letters Testamentary having been granted and issued to the undersigned as Executrix of the last Will and Testament and of the Estate of Seldon S. Roane, deceased, on June 15th 1943, by the Chancery Court of Grenada County, Mississippi, notice is hereby given to all persons having claims against said Estate to have same probated and registered with the Clerk of said Court within six months from this date, or they will be forever barred.

This the 17th day of June, 1943.

It's No: Grenada People's Fault

Grenada people are coming in for a good deal of cursing and criticism about recreational facilities for soldiers.

It is absolutely true that the national organization—the USO—has failed to do its part for the soldiers. It has only the dinky little city-owned Community House as a USO center. Although the USO is paying the American Legion \$50 monthly rent on the spacious Legion Hut, the hut is closed because the big shots are unwilling to spend the amount necessary to alter the interior, although the furniture for use therein is here in storage. Now, the USO says the FSA is the organization that supplies the buildings which the USO rents for \$1.00 a year. No doubt that is true. Then what's the matter with the FSA? Is the FSA unaware that Grenada, already crowded when the camp and the air base were established here, has about 5,000 or more soldiers idly walking the streets during their leave hours? Is the FSA, or the USO (who ever is responsible) aware that the war is likely to be over before anything is done?

I make this claim: that, in a national organization, the soldier in the Grenada area is entitled to the same recreational facilities from the USO as would be a soldier anywhere else. National contributions and national taxes pay for these facilities. Why discriminate against the soldiers here?

Homes never before opened for the reception of tenants have been opened here. There are only TWO homes, to my knowledge, which have not taken in one or more "strangers." Each of the churches which has the room to do so, has opened up "soldiers' rooms."

Mr. Perry, the president of the O. of C. stated to me that he and the Mayor had visited Jackson and Atlanta in turn, finding in each place a man with "tied hands"; that he had written, telephoned and telegraphed Washington with the same negative results. Mr. Perry should be entirely capable of writing a book on government red tape, experience gathered not only in his own business-cottonseed processing—but in trying to get something done for the USO by the FSA, as well as in trying to get some housing.

Without seeking to fix the blame, I make the positive assertion that the USO work in Grenada has been a miserable failure.

Method Of Sending Out Free Newspapers

Recently I called attention to the fact that the Summer Sentinel was being sent out wholesale to non-subscribers and using the cheap second class mailing privileges. I called attention, as best I could, to the postal laws governing the use of the second class mailing privileges.

The Grenada County Weekly receives a free copy of the PUBLISHERS AUXILIARY, a publication devoted to the weekly press and its doings, each and every week. I think every weekly newspaper in the United States receives a free copy each and every week. I imagine the Summer Sentinel receives a free copy each and every week. The Publishers Auxiliary enjoys the second class mailing privileges, but does not ABUSE it, for on the copy we receive, there is this notice printed on the wrapper:

Sec. 562—P. L. & R.
U. S. Postage
PAID
Chicago, Ill.
Permit No. 577

This notation means that the Publishers Auxiliary has secured the privileges of sending the GCW a free copy by using that notation and PAYING ONE CENT A COPY for each issue mailed to us.

It is suggested that the Summer Sentinel read up on the postal laws.

Lowry May Be All Right, But

Highway Commissioner T. J. Lowry may be all right, but he has done little for Grenada County.

While I have no statistics on the subject, my guess would be that, due to the presence here in this county of thousands of war workers, soldiers and construction workers—all consuming gasoline—this county has provided more gasoline revenue than any four counties in this district.

Under Chapter 190 Laws of 1938, Mr. Lowry was empowered by the legislature to finish hard surfacing No. 7 Highway from the Mississippi-Tennessee line above Holly Springs, to Greenwood via Grenada. Every foot has been hard surfaced except the stretch from Grenada to Greenwood.

Sometime during the period 1928-1932, the county invested \$30,000 in bridges on the "dum" on 51 Highway. The Highway department, I understand, has authority to refund the money. In fact, I was on the board of supervisors at the time, and the then Highway Commissioner virtually promised the county a refund. Not a nickel has been refunded.

Cain Creek bridge on No. 7 Highway just below Holcomb, caved in—a total loss—about six weeks ago. Nothing has been done to restore the bridge and traffic must take a tortuous detour thru the hills, aggregating about 5 or 6 miles added travel.

No. 8 Highway leading East from Grenada to the Alabama line WAS hard surfaced during Mr. Lowry's administration. No. 8 Highway leads thru Houston, Mr. Lowry's home town.

It seems to me that Grenada County's best bet is to vote for Abe Linker, who promised NOTHING, but did MUCH.

Conner Does It Too

Sunday morning I received among other letters a letter from Mike Conner headquarters a mimeographed announcement of the appointment of his campaign manager. When I read the three daily newspapers published six days BEFORE the GCW, or any other weekly newspaper could POSSIBLY publish the announcement. It is the practice of ALL state candidates to have their propaganda published on Sunday in the daily newspapers, and EXPECT the same state stuff be published in the weekly newspapers about six days later. Yet, every man who has sense enough to get in out of the rain, should have sense enough to know that the weekly newspapers get closer to the "deer peep" than the daily newspapers do.

While I have always supported Conner, and am now supporting him, I refuse to use valuable space in reproducing something that already stinks with age. I doubt that few, if any of the other weekly newspapers "carry" this announcement.

Splendid Progress

Those who have been privileged to see the three reviews put on by the 87th Infantry Division are loud in their praise of the leadership of this Division as they have seen successively the almost raw recruits, then the troops with several weeks training and then the review of the "veterans" of six months service last Sunday.

To see those improvements in posture, marching and general efficiency, as well as to see the implements without which a modern army would be helpless, rekindles the hope that, ere long, America will supply the necessary accretion to the cause of the UNITED NATIONS to put Hitler, Hirohito and Mussolini in a state of utter exhaustion and final surrender.

A Remarkable Medical Record

Notwithstanding the terrible tales told by idle gossipers and rumor mongers concerning the enormous (?) death rate at Camp McCain—and that George Garner, the local undertaker, had to wear out his ambulance hauling in dead soldiers to his mortuary—an official record dated May 18, 1943, from the County Health Office shows that ONLY nine deaths have occurred at Camp McCain, one of which was due to suicide (or murder) and another to falling from a truck. Only three cases of meningitis proved fatal and, I understand unofficially, one of these cases was practically dead when he arrived in Grenada. I understand, unofficially, that the death rate from meningitis is lower here than in any other camp in the United States.

I know that, during the last war, when a soldier contracted meningitis, he might as well make his peace with God and make out his will.

From these official and unofficial figures, it is timely that the medical officers at the Station Hospital, as well as those attached to the various units, be sincerely congratulated upon a splendid, outstanding record of efficiency.

Let's Go Chicago One Better

My son, Andrew, changing stations in the Air Corps, had occasion to spend almost 24 hours in Chicago.

He reports that the USO provided a comfortable place to sleep. For a nominal charge we will print tickets for the local USO which will give the soldier the privilege of sleeping on Pine Hill, in the public square or on the court house lawn.

Andrew reports that the USO in Chicago gave him a ticket to attend a high class picture theatre. For a nominal charge we will print tickets for the local USO to give soldiers to see the chimney sweeps flying about near the Yalobusha River, or to go over to Bogue Bridge (the old one) to hear it rattle.

Andrew reports that the USO in Chicago gave him a ticket to see a baseball game (National, or American, I have forgotten). For a nominal charge, we will print for the local USO some tickets permitting soldiers to climb up the hill and see the standpipes or to go down to the jail where they can be happy that they are not inmates these hot days.

But I think the USO in Grenada could do Chicago one better by having some tickets printed for a nominal charge by us, which tickets can be used by the soldiers to take a swim in the Yalobusha River or in Bogue Creek.

Let the USO in Grenada do so much that it will put the USO in Chicago to shame.

How Nice It Would Be

The City of Grenada, as a city, has done very little for the soldiers and airmen in our midst.

How nice it would be for the City to make some benches, however rustic, and place them around the perimeter of the little park north of the Baptist Church, and on the spacious school grounds, so that soldiers and their wives or sweethearts could have some place to sit and talk. If they spooned a little bit, what's wrong with that? Young folks have spooned ever since Father Adam and Mother Eve were young and full of pep and vinegar.

My God, life for a lonely soldier is monotonous enough in Grenada at best. How much more distasteful to him when he cannot even find a comfortable place to sit and when he, to get something to drink, will on occasion drink soft drinks which have had no contact with ice.

Gun-Toting Negro Soldiers

In the official report of the District Attorney of this district, he reported that the white woman who had been accompanied by the white woman who was successively raped by from six to nine negro soldiers near Duck Hill last week, was held away from the scene, at PISTOL POINT, by one or more of the ravishers not then engaged in the heinous crime.

According to an article in the Jackson Daily News, about ten drunken negro soldiers were accosted near Mr. Olive by a State Highway patrolman on Sunday the 6th, and that during the procedure one negro soldier shot ineffectively at the patrolman and at a white soldier who got off a passing bus, with a PISTOL.

Where do these negro soldiers get these pistols, and why are they allowed to leave camp, on passes, leaves or furloughs, with pistols on their persons?

Mrs. W. C. Blaylock has just returned from a visit to see her son, James Blaylock, who is stationed at San Francisco, Calif.

Jimmie Black, student at the U. of Arkansas, is visiting his aunt, Miss Cornelia Perry a few days this week.

NOTICE

We find it necessary to close our store ALL DAY THURSDAY, June 17th and 24th.

Sorry to inconvenience YOU our customers, shall do better as soon as possible. Please bear with us at this time.

DOAK HARDWARE COMPANY
"Here Since 1867"

THE STATE OF MISSISSIPPI

THEY WILL BRING THEM

DEAR MR. VOLLIE:—

We appreciate the big orders you gave us for fresh fruits and vegetables and we will make every effort to deliver just the kind you always buy.

Only The Best Is Good Enough

We know you want only the best on the market, so we are now scouring the country for merchandise and will be at your store bright and early Friday with some fancy beans, fine pink tomatoes, tender young squash, cantaloupes that will make your mouth water, peaches that are sure enough beauties, crowder peas and butter beans like mama used to raise in the garden.

Ah! But Those Chickens

Yes! We'll have to admit to the fact that those fresh frozen, full dressed chickens are the finest we've ever seen anywhere.

Well MR. VOLLIE we'll have your merchandise there bright and early and your customers won't be disappointed.

For Chancery Clerk

Political Advertisement.

In spite of the gasoline rationing here, I can miss very little traffic. We should pity the motorists on the Eastern Seaboard who cannot do any "cutting around" at all.

The farmers who have really worked have whipped General Green.

Our overster, Mr. Terrell, is living a much better life for the past month or so. I am sorry I cannot say the same of our man, Mr. Greenfield.

GRENADA COUNTY'S FIRST LADY RURAL CARRIER

Mrs. J. E. White, who is substituting for her husband on Rural Route No. 3, Grenada, carried the mail on that route from June 1 to 15th, while Mr. White was taking his annual vacation.

Mrs. White is the first lady, so far as the records go, who has "toted the mail" in this county.

The patrons of the route sorter wish this handsome lady would continue, for they prefer looking at a good-looking lady than looking at the homely, but beloved, Mr. White.

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE NORTHERN DISTRICT OF MISSISSIPPI, WESTERN DIVISION

UNITED STATES OF AMERICA, Plaintiff,

vs. NUMBER 185 CIVIL

CERTAIN PARCELS OF LAND in the County of Grenada, State of Mississippi, and Louise Alston Jordan,

et al., Defendants.

THE PRESIDENT OF THE UNITED STATES OF AMERICA, TO:

The following named defendants, non-residents of the State of Mississippi, whose post office addresses are as hereinafter set forth, to-wit:

The Federal Land Bank of New Orleans, New Orleans, Louisiana;

The Land Bank Commissioner, New Orleans, Louisiana;

The unknown Bondholders of the various road districts, school districts and county wide bonds of Grenada County, Mississippi;

And all other persons, firms and corporations whose names and post office addresses are to petitioner unknown, having or claiming to have any right, title, interest, claim or estate in or to certain lands lying and being in the County of Grenada, State of Mississippi, and more particularly described as follows, to-wit:

COMMENCING at the SW corner of the NW 1/4 of the NE 1/4 of Section 15, Township 21 North, Range 5 East of the Choctaw Meridian, Grenada County, Mississippi; thence N 0 degrees 55' W with the west line of the NW 1/4 of the NE 1/4 of said Section 15 a distance of 17.23 feet for a point of beginning; thence N 00 degrees 55' W with the west line of the NW 1/4 of the NE 1/4 of said Section 15 a distance of 567.29 feet and to the south line of the right of way of the Mississippi Power Company; thence N 87 degrees 12' E with the south line of said right of way 1343.77 feet; and to the west edge of the right of way of State Highway number US-51; thence S 30 degrees 06' E with the west edge of said right of way 431.23 feet; thence S 61 degrees 51' W 205.80 feet; thence S 29 degrees 30' E 481.95 feet; thence S 43 degrees 50' W 47.10 feet; thence N 46 degrees 10' W 20 feet; thence S 43 degrees 50' W 20 feet; thence S 46 degrees 10' E 20 feet; thence S 43 degrees 50' W 741.18 feet; thence N 21 degrees 41' W 83.54 feet; thence S 71 degrees 59' W 307.53 feet and to the east edge of the right of way of the old Grenada-Duck Hill Road; thence N 40 degrees 00' W with the east edge of said right of way 1043.08 feet; thence N 41 degrees 36' W with the east edge of said right of way 78.26 feet and to the point of beginning, containing 39.019 acres, more or less, EXCEPTING THEREFROM a strip of land containing 0.311 acres within a recorded easement of the Mississippi Power Company, crossing the south-east corner of the above described land, leaving a net acreage of 39.308 acres, as shown on Schedule B attached hereto and by reference made a part hereof; together with all improvements thereon.

The above described tract of land may be divided into parcels as follows:

PARCEL NO. 1-B

COMMENCING at the SW corner of the NW 1/4 of the NE 1/4 of Section 15, Township 21 North, Range 5 East of the Choctaw Meridian; thence N 0 degrees 55' W with the west line of the NW 1/4 of the NE 1/4 of said Section 15 a distance of 17.23 feet for a point of beginning; thence N 00 degrees 55' W with the west line of the NW 1/4 of the NE 1/4 of said Section 15 a distance of 567.29 feet and to the south line of the right of way of the Mississippi Power Company; thence N 87 degrees 12' E with the south line of said right of way a distance of 446.05 feet; thence S 93 degrees 10' E 685.28 feet; thence S 47 degrees 42' W 797.30 feet and to the east edge of the right of way of the old Grenada-Duck Hill Road; thence N 41 degrees 36' W with the east edge of said right of way 22.26 feet and to the point of beginning, containing 8.470 acres, more or less.

PARCEL NO. 2

COMMENCING at the SW corner of the NW 1/4 of the NE 1/4 of Section 15, Township 21 North, Range 5 East of the Choctaw Meridian; thence N 87 degrees 12' E with the south line of the NW 1/4 of the NE 1/4 of said Section 15 a distance of 511.81 feet for a point of beginning; thence N 33 degrees 10' W 685.28 feet and to the south line of the right of way of the Mississippi Power Company; thence N 87 degrees 12' E with the south line of said right of way 897.72 feet and to the west edge of the right of way of State Highway number US-51; thence S 30 degrees 06' E with the west edge of said right of way 355.28 feet; thence S 87 degrees 42' W 290.0 feet; thence S 30 degrees 06' E 315.0 feet; thence S 87 degrees 42' W 579.29 feet and to the point of beginning, containing 10.117 acres, more or less.

PARCEL NO. 3

COMMENCING at the SW corner of the NW 1/4 of the NE 1/4 of Section 15, Township 21 North, Range 5 East of the Choctaw Meridian; thence N 87 degrees 12' E with the south line of the NW 1/4 of the NE 1/4 of said Section 15 a distance of 1391.10 feet for a point of beginning; thence N 30 degrees 06' W 315.0 feet; thence N 57 degrees 42' E 280.0 feet and to the west edge of the right of way of State Highway number US-51; thence S 30 degrees 06' E with the west edge of said right of way 75.95 feet; thence S 61 degrees 51' W 205.80 feet; thence

S 29 degrees 30' E 139.50 feet; thence S 87 degrees 42' W 47.0 feet and to the point of beginning, containing 0.914 acres, more or less.

PARCEL NO. 4-A

COMMENCING AT the SW corner of the NW 1/4 of the NE 1/4 of Section 15, Township 21 North, Range 5 East of the Choctaw Meridian; thence N 87 degrees 12' E 14.51 feet for a point of beginning; thence N 87 degrees 42' E with the south line of the NW 1/4 of the NE 1/4 of said Section 15 a distance of 1423.50 feet; thence S 29 degrees 30' E 204.37 feet and to the north edge of the recorded easement right of way of the Mississippi Power Company; thence S 31 degrees 55' W with the north edge of said right of way 308.01 feet; thence S 17 degrees 07' W 125.64 feet and to the north edge of a farm road; thence S 43 degrees 50' W with the north edge of said farm road 375.02 feet; thence N 21 degrees 41' W 83.54 feet; thence S 71 degrees 59' W 307.53 feet and to the east edge of the old Grenada-Duck Hill Road; thence N 40 degrees 00' W with the east edge of said road 1043.08 feet; thence N 41 degrees 36' W 56.00 feet and to the point of beginning, containing 19.327 acres, more or less; together with all improvements thereon.

PARCEL NO. 4-B

COMMENCING at the SW corner of the NW 1/4 of the NE 1/4 of Section 15, Township 21 North, Range 5 East of the Choctaw Meridian; thence N 87 degrees 12' E with the south line of the NW 1/4 of the NE 1/4 of said Section 15 a distance of 1438.10 feet; thence S 29 degrees 30' E 298.52 feet and to the south edge of a recorded easement of the Mississippi Power Company, for a point of beginning; thence S 31 degrees 55' W with the south edge of said right of way 348.39 feet; thence S 17 degrees 07' W 121.12 feet and to the north edge of a farm road; thence N 43 degrees 50' E with the north edge of said farm road 299.43 feet; thence N 46 degrees 10' W 20.00 feet; thence N 43 degrees 50' E 20 feet; thence S 46 degrees 10' E 20.00 feet and to the north edge of a farm road; thence N 43 degrees 50' E with the north edge of said farm road 47.10 feet; thence N 29 degrees 30' W 103.93 feet and to the point of beginning, containing 0.474 acres, more or less.

You and each of you are hereby cited to be and appear before the United States District Court for the Western Division of the Northern District of Mississippi, on the 15th day of July, 1943, at the United States Court House in the City of Oxford, Mississippi, then and there to answer and defend the Petition on Declaration of Taking of the United States of America heretofore filed and now pending in said Court in the above-entitled cause, for the condemnation of the above described lands for the public use of the United States, and then and there interpose your claim, if any you have, to said lands or the proceeds arising therefrom, in which said cause you are defendants.

WITNESS the Honorable Allen Cox, Judge of the Court aforesaid, and the seal thereof, this 11th day of June, 1943.

HUBERT D. STEPHENS, JR., Clerk.

By /s/ C. W. Smallwood, D. C. (SEAL)

When Your Back Hurts

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headache, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smearing and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

"I'll See You In My Dreams" At Camp

Theme song at Camp McCain after June 1, 1943, will probably be "I'll See You In Dreams" because that's the date the Three Debs arrive aboard the Camel Caravan to supply the Camo with fast-paced entertainment. How the Hollywood scouts have let these girls get by so far is one of the minor mysteries of life. They've got color in their walk, talk and style. . . . Who could ask for anything more? Their

The Claytons, lovely Maxine and handsome Bob, are presenting their comedy tap-dance routines as one of the leading acts on the Camel Caravan. They are joined in the Caravan by a number of other top-notch personalities of the entertainment world.

repertoire embraces swing and sweet songs, rhythm in the groove which leads to glory. You soldiers out there at Camp McCain, will wind up with callous on your palms from applauding for encores. But, what's a little callous to you boys, and WAAC's when you can hear the Three Debs?

USO-NCCS Notes

Approximately one hundred soldiers from the Air Corps were served with a luncheon at the USO Club Sunday, June 13 by a group of volunteers.

The lunch was served after a special Mass had been celebrated by Father Mendor for the Catholic men of the Air Corps at St. Peter's Church of Grenada.

The National Catholic Community Service, one of the member agency of USO under the supervision of Miss Gertrude Bouchard, Club Director, sponsored this meal for the men in the Armed Forces.

The volunteers who assisted in serving were: Mrs. Michael G. Glasheen, Mrs. Ernest E. Fremu, Mrs. Frederick Tyrell, Miss Mable Thompson, Miss Carolyn Day, Miss Josephine Barranco, Mrs. Carl Day, Miss Gertrude Bouchard, Mr. Samuel Barranco, Mrs. Jack Breek, Mrs. John Karpeles, Miss Amy Cauley, Mr. Harry Greenfield, Mrs. Vincent Barranco.

The following members of St. Peter's Parish donated food for the luncheon: Mrs. Frank Marascuio, Mrs. Salvo Serio, Mrs. Joe L. Marascuio, Miss Donie Marascuio, Mr. Joe Messina, Mrs. L. Mistrot, Mrs. L. D. Boone, Mr. John Messina, Mrs. Sam Barranco, Mrs. Joe Curro, Mrs. Tony Marascuio.

A Red Cross Life Saving class under the auspices of the American Red Cross and the USO-NCCS was started last week at the swimming pool. It will continue thru the month of June every Tuesday, Wednesday and Thursday mornings, 9:30 to 11:30.

The Red Cross Water Safety program includes teaching both adults and children not only how to save others but how to protect their own lives. About thirty boys and girls signed up Tuesday, June 8th and started classes. Most of them are trying to qualify for their Junior Red Cross Emblem; there are a few who'll qualify as Sen-

ior Life Savers when they complete the course. Miss Gertrude Bouchard, Director USO-NCCS is the Red Cross Water Safety Instructor. She first received her instructor's emblem at the Aquatic School in New York City under Capt. John Scully in 1932. Since then she has renewed her certificate every year either at Aquatic Schools or under visiting field representatives of the Red Cross Water Safety Program.

Masonic Meeting

Grenada Lodge, No. 31 F. & A. M. will meet Monday evening, June 21, 7:45 p. m. to confer Fellow Craft degrees. All visiting members are cordially invited.

E. M. Whitaker, Secretary.

DOAK HARDWARE COMPANY
"Here Since 1867"

What You Buy With WAR BONDS

Battle of the Atlantic

A sinking smokestack, a great air bubble, an empty lifeboat, all that is visible of a torpedoed tanker, all that is evident of the hard work, the savings we put into War Bonds to build this tanker, to load it with 50,000 gallons of high octane gas.

Our money is still safe but the tanker is lost forever. Another and another and another must be built to take its place.

The men who sail the seas are giving their lives to win the Battle of the Atlantic. We are asked only to lend our money.

U. S. Treasury Department

What You Buy With WAR BONDS

Wigwag

Frequently the Navy, the Coast Guard and the Signal Corps find it expedient to relay messages without benefit of telephone, telegraph or radio. That is when the semaphore system is employed.

Like a single flag in the "Wigwag" system, the purchase of a War Savings Stamp or Bond, in itself has an infinitesimal effect upon the entire war effort, but when 130 million determined people set their minds to make our War Bond drives successful, the result is anything but infinitesimal.

U. S. Treasury Department

Seen, Heard and Told By The Editor

ORAP

We are mighty sorry to hear of the death of the grandson of Albert G. Doak, a faithful porter and handyman. Mr. Doak, who attended the funeral of this little colored boy, highly complimented the decorum and the dignity of the services.

It's Corporal George Blaylock now, Frank Hays receive his diploma at Washington, and I do not know where it is raised.

Messrs. Horn and Greenfield, our loyal and efficient printers, face a week-end of idleness and sin unless proper measures are taken by the consuming public.

"Born thirty years too soon," is what has happened to Mr. Greenfield and me.

Mrs. J. E. Carpenter has gone to Los Angeles to visit her son, Sgt. J. E. Carpenter, now in the Air Corps.

It is now Corporal V. W. Parry and he is located at Ft. Benning. The basic training took off 25 lbs. and four inches, but he could hardly miss it. He has one of those soft desk jobs like I used to have and lives in fear of the WAACs.

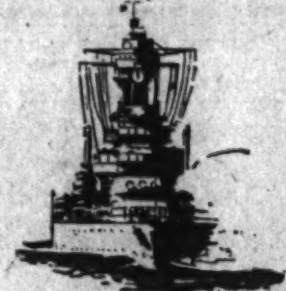

Heard from Sgt. Preston Vance by V-mail recently. He is somewhere in North Africa, I hear. I hope Hitler does not get on to this.

Aunt they sweet.

What You Buy With WAR BONDS

Battle Wagons

When Japan attacked at Pearl Harbor we had 17 battleships in service and 15 building. We were making preparations but the war did not wait. These 32 battle wagons cost American taxpayers three billion dollars for a two ocean navy. The war seemed far away then.

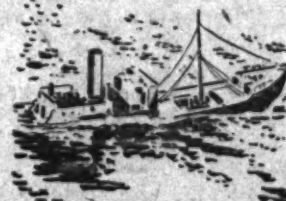

Now fifty million Americans have a personal stake in this war. It has been brought home to them. That's why everyone is increasing purchases of War Bonds.

U. S. Treasury Department

What You Buy With WAR BONDS

Torpedo Junction

"Awash amidst ship!" "Sparks," the radio operator, has sent his final message from another U-boat victim. The lifeboats are pulling away from the doomed vessel as millions of dollars' worth of food, supplies and munitions settle to the ocean bottom in another allied catastrophe in the Battle of the Atlantic.

Millions of dollars' worth of material that was paid for by the dollars we saved and invested in War Bonds. Thousands of man hours have been lost.

We can have but one answer: work harder, save more and invest more frequently in War Bonds.

U. S. Treasury Department

What You Buy With WAR BONDS

Wags

No quadruped of the K9 contingent used by the Marines, the Army or the Coast Guard is purchased. They're strictly volunteers for the duration, loaned by their masters and mistresses. These dogs are taught to hear and smell and see enemies where humans cannot. They are invaluable at night.

Several K9 training stations are maintained by various branches of our fighting services. You may not have a dog to send to war but you can send your money. Buy War Bonds.

U. S. Treasury Department

To Hasten Victory

No American wants this war to go one minute beyond the time we can bring it to a victorious end. To hasten that victory—to save possibly the lives of millions of our boys on our far flung fronts—it is imperative that every American can do his part in the Second War Loan. There is an investment to fit every purse. The most you can do is little enough compared with the sacrifice offered by our boys in service. They give their lives—you lend your money.

At this moment it looks like Greenfield and Horn are going to get into idleness and sin over this week end and you, therefore, will do a good deed if you send in a lot of job printing.

What looked to be a lady of the evening just came in looking for a room.

Men and Mice.

MISS GENE MARDERS GIVES BRILLIANT RECITAL AT BELHAVEN

A recital of wide interest at Belhaven college was that on Friday evening of Miss Gene Lovejoy Marders, outgoing president of student government, whose musical talent reached its peak in the program which she presented. Miss Marders studied piano for 11 years in Grenada, prior to her matriculation at Belhaven. Her years of musical study in the college gave such promise that last year she was given the Crisler Award for outstanding achievement.

Miss Marders' program was chosen with discrimination from the classic, romantic and modern schools. It opened with the Bach Prelude and Fugue in E flat Minor, from Book I, of The Well Tempered Clavier, a brilliantly executed composition. Schumann's "Symphonic Etude XII, Allegro brillante, won great applause from the audience for the manner of her interpretation.

Dontzetti's Andante Finale from Lucia de Lammermoor, transcribed by Leschetizky brought a familiar noise, allowing the listeners to sink back in enjoyment of the melody in which the artist displayed an amazing depth of feeling and skill in modulation. The conclusion of this group was a Chopin Etude, Op. 25, No. 10, which called for dexterity of fingering the perfection of rhythm. Closing a Debussy Prelude, Miss Marders skillfully wove the spell of this modern composer in the sound of cathedral bells. Changing to the gay musical pictures of Gossens's Suite, she played Good Morning, The Hurdy Gurdy, The Merry Party, The Music Box and March of the Wooden Soldiers.

Anticipating with pleasure the brilliant Allegro movement from Rachmaninoff's Concerto No. 3, in D Minor, the audience was not disappointed. With the assistance of Mrs. Louise Middleton at the second piano, Miss Marders climaxed her previous number.

W. E. HUFFINGTON
Trusty Public
At Grenada Bank & Banking Co.

bers in the rendering of this composition. A depth of understanding of her instrument, concentrated effort, and an innate musical talent combined to make this an excellent and thrilling performance.

Mrs. Middleton honored the young pianist with a reception in the music studios following the recital.

In the receiving line were Mr. and Mrs. Middleton, Miss Marders, her mother, Mrs. E. L. Marders, of Grenada; her sister, Mrs. R. P. Taylor, of Memphis; and aunt, Mrs. H. W. Friday, of Memphis; Mrs. E. L. Boteler, of Grenada; Dr. and Mrs. G. T. Gillespie; Miss Furell Wilson; Mrs. John T. Caldwell; Miss Doshia Dowdy; Miss Mary Berner, Prof. and Mrs. C. H. Ford.

Miss Marders was requested to repeat the Rachmaninoff "Concerto" at the annual music festival at Belhaven college on June 5th.

Rail oddities

MILLIONS OF DOLLARS AND YEARS OF WORK HAVE BEEN DEVOTED TO THE STUDY OF THE AIR BRAKE. FOR CONTINUING RESEARCH, ALL THE AIR BRAKE APPARATUS, PIPES AND CONNECTIONS OF A 100-CAR FREIGHT TRAIN, INCLUDING THAT OF THE LOCOMOTIVE, HAVE BEEN COMPRESSED WITHIN A SINGLE ROOM OF A UNIVERSITY LABORATORY.

IN THE FIRST 12 MONTHS OF THIS WAR, AMERICAN RAILROADS HANDLED 11,641,838 TROOPS—MORE THAN FOUR TIMES AS MANY AS IN THE SAME PERIOD OF THE LAST WAR.

IN 1902, THERE WAS, NEAR CINCINNATI, OHIO, A STRETCH OF RAILROAD TRACK INVOLVING FOUR RAILS SO SPACED AS TO ACCOMMODATE WIDE GAUGE, STANDARD GAUGE AND NARROW GAUGE EQUIPMENT.

ASSOCIATION OF AMERICAN RAILROADS (28)
